

Empire of Adammia
Ruling Council

Act 12
Infrastructure Act 2014

This Act of Council hereby establishes a government department in the interest of improving the infrastructure of the Empire of Adammia.

Section 1

- a) The Ministry of Infrastructure is hereby formed as a department of the National Government.
- b) The Ministry of Infrastructure is to be responsible for transport and communications in the Empire.
- c) The Ministry is given the responsibility of recording and categorising all transport routes in the Empire, and the Local Governments may then assign names to these transport routes within their area of jurisdiction. Maps produced by the Imperial Institute of Geography are expected to include both the local names and the codes assigned to them by the Ministry of Infrastructure.
